MATHEMATICS – PACE   LEVEL 1

PREREQUISITES
Years 9 and 10 Mathematics
Admission to this course will depend on a student's performance in Year 10 Mathematics.

COURSE OUTLINE
The course is based on using Mathematics in practical situations and covers these topic areas; number, measurement and geometry.

ASSESSMENT
This course is internally assessed using the criteria of the NCEA Level 1 Achievement Standards.

WHERE DOES IT LEAD?
Generally this is a non-advancing course but students may wish to enter Internal NCEA (Level 2) Mathematics in the following year (if permission is given by the HoD).

LITERACY/NUMERACY LEVEL 1
This course offers more than 10 Numeracy credits.
